PROTECTIONS

APEX

BASE LAYERS

The Answer line of Apex base layers were designed to protect you in any situation without effecting mobility and comfort. The Apex line comes in 3 different versions - Apex Vest, Apex Short Sleeve and the Apex Long Sleeve. All Apex base layers achieve a CE EN1621-2 Level 1 Back Protection using Knox Micro-Lock Impact Absorbing Foam material. They also achieve a CE EN1621-3 Level 1 Chest Protection using a multi-layer impact absorbing foam. The Apex Short Sleeve and Long Sleeve both use Knox Micro Lock shoulder pads to achieve a CE EN1621-1 Level 1 for shoulder protection.

The Apex Long Sleeve also has Knox Micro Lock Elbow Pads to achieve a CE EN1621-1 Level 1 for Elbow Protection. All the pads are removable for washing and replacement. These base layers are constructed with the most durable yet ventilated Polyester mesh fabrics. Each base layer has a unique side entry zipper to allow for the impact absorbing CE chest pad.

The Answer Apex line of Base Layers are the ultimate in Base Layer Protection. A must for any Rider and suited for all riding conditions.

LONG SLEEVE : 169,95 €
